

BWT-400

MICROBIOLOGICAL & OIL DISPERSANT

DESCRIPTION:

BWT-400 is an effective penetrating and dispersing agent. It is also effective as an oil solvent, peptizing agent and inhibitor. BWT-400 penetrates biomasses and improves the efficiency of microbiocides.

GENERAL APPLICATIONS:

Dosages will vary depending upon application. For optimum results, the recommendations of your KML Technical Representative should be followed.

SAFETY & HANDLING:

Improper handling of this product can be injurious to workers. Observe all safety precautions shown on the label and in the Material Safety Data Sheet. Wear proper protective equipment listed on the MSDS. Follow the instructions of your KML Representative in the proper use of this product.

ADVANTAGES:

- Effective in recirculating water clean-ups
- Effective when used as a steam line treatment for corrosion inhibition

Typical Product Characteristics

AppearanceLight yellow liquid
Density at 25°C0.86 - 0.89 g/ml
Weight per US gallon7.3 lbs./gal
pH of product6 - 8

PACKAGING:

BWT-400 is available in non-returnable, DOT approved, 55, 30 and 15-gallon plastic drums and 5-gallon plastic pails.
