

# Boot Scrub 307-OV

## PAINT SHOP CLEANER

### DESCRIPTION:

BS 307-OV is a water based cleaner designed to dissolve and remove paint accumulation on paint floors and general assembly areas.

### GENERAL APPLICATIONS:

For use on porous surfaces, BS 307-OV may need to be used undiluted. For lighter paint trackings, BS 307-OV may be diluted 1:1 with water. Rinse with fresh water if used undiluted.

For general cleaning and use in a floor scrubber, BS 307-OV may be diluted 10:1 with water.

### SAFETY AND HANDLING:

May cause transient irritation to eyes. Flush with large amounts of water. If irritation persists, consult with physician.

Improper handling of this product can be injurious to workers. Observe all safety precautions shown on the label and Material Safety Data Sheets. Wear proper protective equipment listed on the MSDS. Follow the

instructions of your KML Representative in the proper use of this product.

### ADVANTAGES:

- Zero VOC formulation
- Contains no caustic - neutral pH
- Specifically designed to dissolve paint trackings on paint shop floors in a single application
- May be used as received or diluted for use in floor scrubbers
- Will not leave residue after drying.

### Typical Product Characteristics

Appearance .....	Clear liquid
Odor .....	Sweet
Specific Gravity .....	1.03
pH .....	8.5
Flash Point .....	> 212°F

### STORAGE:

BS 307-OV should be stored away from strong oxidizing agents and strong acids. Protect from freezing. Store at room temperature and pressure. Keep container closed when not in use.
