

Crete Seal

FLOOR SEALER AND FINISH

DESCRIPTION:

Crete Seal is a solvent-based floor sealer and finish. Crete Seal is designed to enhance the appearance and chemical resistance of concrete floors. Crete Seal will also render subsequent cleanings quicker and easier.

GENERAL APPLICATIONS:

Crete Seal may be rolled, brushed or mopped on. The preferred method is a lamb's wool applicator. This product yields excellent results utilizing spray techniques. Crete Seal should not be diluted. For clean up, use mineral spirits.

SAFETY & HANDLING:

Improper handling of Crete Seal can be injurious to workers. May cause transient irritation to eyes. Flush with large amounts of water. If irritation persists, consult with physician. Avoid inhalation of fumes or mists. In confined areas, use a respirator.

Observe all safety precautions shown on the label and in the Material Safety Data Sheet. Wear proper protective equipment listed on the MSDS. Follow the instructions of

your Representative in the proper use of this product.

ADVANTAGES:

- Self leveling properties
- Two coat application designed specifically to seal and protect concrete surfaces
- Resistant to most solvents
- Dries in less than 30 minutes
- High gloss, mar resistant finish

Typical Product Characteristics

Appearance	Clear liquid
Odor	Aromatic
Specific Gravity	0.90
pH	NA
Flash Point	85°F
VOC Content	5.8 lbs/gal
% Solids	20

STORAGE:

Crete Seal should be stored away from heat, sparks and open flame. Product is flammable. Keep container closed when not in use.
