

H.D. Glass Cleaner WC5X

BOOTH MAINTENANCE PRODUCTS

DESCRIPTION:

WC5X is a concentrated glass and surface cleaner specifically designed for Paint Shops and Paint Booths. WC5X is a heavy-duty hard surface cleaner even after dilution. For stubborn, heavy paint build-ups, WC5X can be used straight to remove paint films on glass and booth surfaces. Excellent on grease, oil and paint films and will not cause craters.

GENERAL APPLICATIONS:

Prepare a solution by diluting 1 part cleaner with 4 parts water. Apply with sprayer and wipe off with a lint free cloth.

SAFETY & HANDLING:

Improper handling of WC5X can be injurious to workers. May cause transient irritation to eyes. Flush with large amounts of water. If irritation persists, consult with physician.

Observe all safety precautions shown on the label and in the Material Safety Data Sheet. Wear proper protective equipment listed on the

MSDS. Follow the instructions of your KML representative in the proper use of this product.

ADVANTAGES:

- Removes most paints and contaminants from booth surfaces
- Great on grease and oil
- Will not cause craters
- Concentrated for economy

Typical Product Characteristics

| | |
